# Stop Plastic Pollution

GIVE A NEW LIFE TO YOUR PLASTIC WASTE

**BECAUSE WE RECYCLE**

# DOHA PLASTIC COMPANY

**HELP US TO KEEP  
THE WORLD CLEAN**

# COMPANY OVERVIEW

Doha Plastic, we are experts in the sale of recycled plastic. We have the capacity to produce 7 tons of recycled plastics per hour.

With our experience and our technical knowledge we can offer you innovative solutions adapted to your need. We have our special washing line for providing better quality for our plastic products.

We are special because we save Qatar from plastic pollution, and giving a new life to your plastic wastes. We will be delighted to provide any other services that can fit your needs.

Doha Plastic Company has long history and experience in plastic recycling which can help your company in engraving the beautiful phrase of “ Made With 100% Recycle Material ” on your products.

Environmental solutions need collaboration from manufacturers, we consider ourselves your partner in achieving these goals and if you think about the environment before your raw material then you are our customer.

## BIG IDEA WITH BIG THINKING TO COME REALITY

Our Company's 120 skilled workers are highly experienced in the recycling process. All done in our 15000 square meters site located in the New Industrial Area.

Our products are shipped around the world from China to West Africa for more 20 countries in 25 Kilogram bags or 1.3 ton jumbo bags in accordance to our customer requirements, in addition our Technical Team of engineers working for the best to achieve quality products and working closely to our valued customer before and after sales to achieve best result by our clients.

## OUR MISSION

*“We Help Achieve Made From 100% Recycle Material”*

# TECHNICAL DATA SHEET

**Note:** MFI@190°C±5%, 5Kg  
Density@23°C±2% 5Kg

Polymers	Code No.	Colour	Melt Flow Index(g/10m)	Density (g/cm <sup>3</sup> )	Melting Temp(°C)	Residual Moisture Content(°C)	Application
Low Density Polyethylene LDPE	01T	Transparent	0.3-2.4 (190°C) 2.16 Kg	0.923	180	<0.2	Greenhouse Film, Polyethylene Sheet, Heavy bags, Drip Irrigation Pipe, Blow Molding
	01H	Honey					
	01B	Black					
High - Density Polyethylene (HDPE)	02T	Transparent	0.18-0.85 (190°C) 5 Kg	0.94	200	<0.2	Cans, Drums, Corrosion Resistant Pipes Sheets, Drip Irrigation Pipes, Blow Molding
	02H	Honey					
	02B	Black					
Linear Low - Density Polyethylene (LLDPE)	03W	White	1-3 (190°C) 2.16 Kg	0.935	185	<0.2	Blend with PE to Films, Water Tanks, Stretch Wrap, Containers
	03R	Red					
	03B	Black					
Polypropylene (PP)	04B	Black	3-15 (230°C) 2.16 Kg	0.9	200	<0.2	Cement Bags, Jumbo Bags, Furnitures
	04H - Opp	Honey					
Polycarbonate (PC)	05T	Transparent	18g 300°C/1.2 Kg	1.2	280-300	<0.2	Water Bottles
Polyvinyl Chloride (PVC)	06B	Black		1.4	160	<0.2	Pipes, Windows & Doors
	06R	Red					
Polyethylene Terephthalate (PET)	07T	Transparent	0.76 dl/g Intrinsic Viscosity (90°C)	1.38	>250,260	<0.2	Flakes, Water & Soft drink Bottles, Packaging

CODE	POLYMER	MATERIAL SOURCES	ORIGINAL FORM	OUR PRODUCTS	FINISHED PRODUCTS
 PETE	Polyethylene Terephthalate (PET,PETE)	Water Bottles		PET Flakes Pressed Ballet of Water Bottles	
 HDPE	High Density Polyethylene (HDPE)	Pressure Pipes, Lumps (Chunks) & Powder from Petrochemical plants, 200L drums, Factory Wastes, Shopping bags		HDPE Pellets Film Grade Pipe Grade Injection Grade Molding Grade	
 V	Polyvinyl Chloride (PVC)	PVC Pipes, Sheet and Profiles		PVC Regrind PVC Powder	
 LDPE	Low Density Polyethylene (LDPE) Linear Low Density Polyethylene (LLDPE)	Agriculture pipes & Sheet Lumps (Chunks), Powder from Petrochemical Plants, Factory Wastes, Water Tanks Road Barriers		LDPE Pellets Film Grade Pipe Grade Injection Grade Molding Grade	
 PP	Polypropylene (PP)	Jumbo Bags, Opp Film and Pallets		PP Pellets Injection Grade Super Sacks (Jumbo Bags) Film Grade	
 PS	Polystyrene (PS)	Injection Trays and Dishes, Factory Wastes		PS Regrind	
 OTHER	Polycarbonate	Water Bottles and Profiles		PC Regrind
